# DHT

Another Arduino library for reading the DHT family of temperature and humidity sensors.

Written by Mark Ruys, mark@paracas.nl.

## Features

- Support for DHT11 and DHT22, AM2302, RHT03
- Auto detect sensor model
- Very low memory footprint
- Very small code

## Usage

Check out the example how to read out your sensor.

## Installation

Place the DHT library folder in your `<arduinosketchfolder>/libraries/` folder. You may need to create the `libraries` subfolder if its your first library. Restart the Arduino IDE.
